Chart of the month

**Figure: Reliability of connections to the electric grid**  | 39 countries | 2021/2023

- No electric grid or no connection, 40%
- Connected to the grid, 60%
- Works all of the time, 37%
- Works most of the time, 36%
- Works about half of the time, 11%
- Works occasionally, 14%
- Never works, 2%

*Respondents were asked:* Do you have an electric connection to your home from the mains? [If yes:] How often is electricity actually available from this connection?
Visibility

✓ Good Authority published Afrobarometer analysis on access to information in Africa.
✓ Democracy in Africa published an AB blog post on South African youth.
✓ Carlos Pacatolo Barnabé, AB principal investigator in Angola, drew on AB data for his new book, O Domínio Decrescente do MPLA no Sistema Partidário em Angola.
✓ AB continued its weekly “Data” series in the Continent.
